

Hawaiian Forest Birds Monograph

PIERC Project Leader: Thane K. Pratt, Ph.D. and eds.

Objectives:

- ☆ Publish a monograph presenting research on HI Forest Birds by PIERC and its partners
- ☆ Review chapters written by subject specialists
- ☆ Accessible style

Accomplishments:

- ☆ Book outline and plan prepared
- ☆ All 24 chapters drafted
- ☆ Proposals submitted to presses
- ☆ Supporting primary literature recently published

Significance:

- ☆ There is a large body of avian research on Hawaiian birds, but no single volume synthesizing it
- ☆ A standard reference on Hawaiian forest birds is needed by conservationists, academics, and the general public
